

Game Instructions

Puff Ball

A truly breath-taking skill and endurance game for **2** players. Ages **4+**.

Contents: 1 Wooden Box with playing field ; 2 Straws and 1 Table Tennis ball

The aim of the game is to be the first player to score **10** goals by blowing the ball past their opponent.

Basic rules of the game

To begin the game, place the ball in the middle of the pitch.

Both players then take their straws and insert them into the slot above their goal.

They are to be held in one hand.

Both players count to **3** (out loud and together), then the straws can be placed in their mouths and the game can commence.

During the game, it is allowed to use one of the other slots in the players' own half.

After every goal, the game re-commences with the same procedure as explained above.

Advanced playing rules

"Puff Ball" can also be played using the alternative turn system.

A coin toss decides who is allowed to begin the game.

Player **1** is then allowed one 'turn', before Player **2** has their turn.

Each Player is allowed to blow once per turn and the opponent's goal is not protected in this version. Due to the goal not being protected, only indirect shots on goal are allowed. They must be played from the side wall.

The first to score **10** goals is declared the winner.

Enjoy your game and good luck !
